OBJECTIVE

To acquire a challenging position in a reputed organization where I could use my creative skills and smart working skills for the growth of the company.

EXPERIENCE

Wizify Technologies Pvt. Ltd. Lucknow   **2025 - Present**
Software Engineer

Kraftors web solution Pvt. Ltd. Lucknow   **2024 – 2025**
Associate Software Engineer

At Kraftors Web Solutions Pvt. Ltd., I have successfully worked on more than 5 live web applications within a year. My expertise includes PHP frameworks such as CodeIgniter 3 (CI3), CodeIgniter 4 (CI4), and Laravel. Additionally, I have gained extensive hands-on experience with modern front-end technologies like Angular and React, allowing me to create robust, scalable, and user-friendly web solutions.

PROJECTS

1. Manifest 🔗
Technology: HTML, CSS, Bootstrap, JQuery, PHP (Laravel Framework), MySQL
Description: In the **Manifest** project, a platform similar to **Spotify**, I am working on **backend development** with a focus on building an admin dashboard to manage and monitor the system efficiently. Key implementations include **Eleven Labs API** for audio features, **Google Translate API** for multilingual support, **Firebase** for real-time notifications, a **Media Library** for content management, and features like **social media login** and **user surveys** to boost user engagement

2. MTG (Maurice Trapp Group) Pvt. Ltd. 🔗
Technology: HTML, CSS, Bootstrap, JQuery, PHP (CI3 Framework), MySQL
Description: Maurice Trapp Group is a leading insurance agency in Auckland, New Zealand, offering personalized insurance and financial services. Similar to LIC in India, it focuses on client well-being through expert advice, exceptional service, and tailored solutions for individuals and families.

3. Kraftors web solution Pvt. Ltd. 🔗
Technology: HTML, CSS, Bootstrap, JQuery, PHP (CI4 Framework), MySQL

Description: Designed and developed the **Kraftors** website using **HTML, CSS, Bootstrap, and jQuery**, with a key highlight being the integration of an intelligent **ChatBot** for real-time assistance. Added interactive features like **"Get in Touch"** and **"Contact Us"**, and implemented email functionality using **CodeIgniter 4 (CI4)**.
.
4. Image Enhancer Tool 🔗
Technology: HTML, CSS, Tailwind, TypeScript, Angular
Description: Developed an Image Enhancer Tool using HTML, CSS, Tailwind, and TypeScript. This tool allows users to enhance image quality and remove backgrounds effortlessly, providing a seamless and user-friendly experience for image editing.

5. Xpatech 🔗
Technology: HTML, CSS, Bootstrap, JQuery, PHP (CI4 Framework), MySQL
Description: Designed the complete UI for the Xpatech project using HTML, CSS, and jQuery with a responsive layout. Implemented the **Contact Us** feature using PHP (CodeIgniter 4) and MySQL.
Integrated **email functionality** to send user inquiries directly to the admin.
Focused on clean design, form validation, and smooth user interaction.

TRAININGS

1. Apprenticeship Training -2023-2024: Completed 6-month internship on PHP with laravel from Softpro India.

2. Summer Training – 2022: Completed 45-days Summer Training on Python with Django from Softpro India.
